IMPORTANT PLEASE NOTE:

While we endeavour to keep the information up to date and correct we do not make any representations or warranties of any kind, express or implied, about the completeness, accuracy, reliability and suitability of the doors and products that appear in this literature.

We aim to showcase as many different items as possible in our kitchen images and therefore some products have been installed and photographed purely to show as many of our product features as possible and they should not be taken as an example of how they are intended to be installed in real kitchen installations.

It is the responsibility of the installer to check the corresponding manufacturer's installation information and the manufacturer's technical information to ensure this is up to date and to ensure that the products can be fitted in a way they are displayed and the products are suitable for your requirements.

We specifically exclude any liability in this regard unless the products are fitted in accordance with the specifications we supply and the manufacturer's installation recommendations are used in a way recommended by the manufacturer and in accordance with the manufacturer's technical information provided.

The information shown in this literature is accurate as at the date of release but it may be subject to changes after such date. Please therefore ensure that you are viewing the most current product information available and check with us if you have any doubt about the suitability of the product or accuracy of the information shown.

We are proud that all our products that we sell are covered by a statutory warranty but this does not stop all our products naturally ageing overtime. **As a result of this natural ageing process we are therefore unable to provide an identical colour finish to the existing products you have purchased from us with any products that we supply you from the same product line.** In such event our liability will be limited to the purchase price paid for the product you are seeking to replace.

Due to the limitations on photographic reproduction, colours may differ slightly from the actual products shown.

Please note that board matches listed with the doors are a suggestion only and better board matches may be available on the market. It is up to the individual to decide on its suitability.
